North Lake Guidance

Welcome to the 2017-18 school year! As a part of the North Lake team, I am looking forward to working together with parents, teachers, and students to help each student develop socially, emotionally, and academically.

The following are some of the most important roles that I take as School Counselor throughout the year. If you have any questions about how your child will be involved, please contact me at (262)966-2033 ext. 210 or at lesjil@northlakeschool.org.

Developmental Guidance:

I will be delivering the developmental guidance curriculum to all students throughout the year. Guidance topics are based on the Wisconsin Comprehensive School Counseling Model.

Small Group Opportunities:

Topics for small groups will be determined according to needs and requests. I will keep you informed of your child's participation by sending a letter home before the group begins. Please contact me if you would like your child to be involved. Some possible topics are study skills, social skills/friendship, problem solving, family change and emotional regulation.

Individual Counseling:

Students always have the opportunity to make appointments with me on an individual basis.

If you would prefer that your child not meet with me individually, please let me know by October 2nd.

Parent Collaboration:

Along with providing parent workshop opportunities, I am also available to collaborate with parents about individual student needs.

As our students are faced with new challenges, the need for us to work together becomes increasingly important. As a team of students, families and educators, we can work together to help students become positive and confident members of our community.

Please feel free to call or stop by if you have any questions, concerns, or suggestions throughout the year!

Sincerely,

Jill Lesch
North Lake School Counselor
