

BUS DISCIPLINE

4006.1

Transportation service to and from school and for extra-curricular events is a service ~~provided by the School District~~. Students who refuse or fail to comply with bus rules and regulations ~~repeatedly~~ may have the bus service taken away. Suspension from the bus may be ordered by the Administration. Such action will normally follow conferences with the ~~principal~~ District Administrator, student, and the student's parents. ~~and bus contractors~~. Bus drivers will report student behavior problems to the ~~principal Administration~~ in writing. Denial from bus riding shall be carried out consistent with state law.

Bus drivers are encouraged to work out potential problems with students and/or parents and the bus contractor prior to referring them to the ~~principal Administration~~. Students shall never be put off the bus to walk home or to walk to school.

Specific rules and regulations regarding student behavior on buses shall be developed by the Administration, approved and reviewed annually by the bus contractor and the Board of Education, and distributed to each student annually.
