

## INSURANCE MANAGEMENT

4007

The District will maintain an adequate insurance program to protect the property of the District, to protect Board members, employees, and school volunteers against general liability resulting from the discharge of their duties; and to offer protection against injury for all employees while acting in behalf of the school. This protection ~~would~~ will be provided for all District employees using their own personal vehicle for school-related activities. The District may also authorize and participate in an insurance program for students.
