

SCHOOL SAFETY PLANS

6020

The District is committed to providing as safe of environment as reasonably possible for students, employees, and citizens while they are present on school premises or participating in school-sponsored activities. With this in mind, a school safety plan shall be developed and in effect in the District.

School safety plans shall be developed with involvement from Board members, administrators, staff, law enforcement/other community agencies, students, parents, and other interested parties as deemed appropriate and necessary.

The safety plan shall be developed consistent with District policies and legal requirements, and shall include the following:

- measures to prevent violence, disruptions and unsafe conditions
- intervention strategies to help maintain a safe environment to keep problems isolated and to deter them from reoccurring
- a crisis management plan

The school safety plan shall be reviewed and updated on a regular basis. A current copy of the safety plan shall be on file in the District office. District employees shall receive a copy of the school safety plan. Staff inservice training may also be provided.

The District Administrator or his/her designee shall provide regular reports to the Board regarding school safety plans, needs, and issues. Students, staff, parents, and the public should be made aware of school safety efforts being taken in the District so as to enhance their confidence in the safety of the school.
