The District is committed to providing a safe, supportive and respectful school environment for all students and strictly enforces a prohibition against bullying. Bullying behavior interferes with student learning and has a detrimental effect on the personal health and well being of students, and will not be tolerated in the District.

Bullying of students is prohibited at school, on school grounds, during school-sponsored activities, on school buses and at bus stops, and through the use of digital technologies. “Bullying” is defined as deliberate or persistent behavior, using words or actions that is intended to cause fear, physical harm or psychological distress on a student and has the effect of doing any of the following:

1. substantially interfering with a student’s education or school performance;
2. creating an intimidating or fearful environment in a school setting for a student or group of students;  
or
3. substantially disrupting the orderly operation of the school.

All District staff must be alert to and aware of the signs of bullying and intervene promptly and firmly against it.

Victims of bullying, observers of bullying, and parents or guardians of students who have been bullied are encouraged to report incidents of bullying to the building principal or a school guidance counselor. All reports of bullying shall be taken seriously, treated fairly and promptly and thoroughly investigated. Retaliation against individuals for filing reports under this policy or assisting in the investigation of such reports is prohibited.

Students found to be in violation of this policy shall be subject to disciplinary action ranging from positive behavioral interventions and supports up to and including suspension or expulsion from school. Referrals may also be made to law enforcement officials. When determining the appropriate consequences and remedial action, the building principal shall consider the developmental and maturity levels of the parties involved, the levels of harm, the surrounding circumstances, the nature of the behaviors, past incidences or past or continuing patterns of behavior, and the context in which the alleged bullying incident(s) occurred.

If a District employee has been found to have bullied or retaliated against a student in violation of this policy, he/she shall be subject to disciplinary action up to and including discharge. Employee disciplinary action shall be consistent with provisions of any applicable employee collective bargaining agreement.

The building principal shall inform staff, students and parents and guardians of this policy annually. In addition, the building principal shall provide annual training to staff members on the recognition and prevention of bullying and their roles and responsibilities under this policy.
