

MISSION

To develop and maintain an ongoing program of educational excellence to ensure that our students are prepared to succeed now and in the future.

GOALS

The residents of the North Lake School District have assigned to their school the task of developing a quality educational program that will provide opportunities in a safe and secure environment for the development of each student as defined in the five goal areas below. All of the goals are interrelated and are to be achieved at the highest levels appropriate to the unique needs and abilities of each student.

BASIC SKILLS

Students will achieve a level of excellence in:

- reading, writing, mathematics, and technology through an integrated curriculum.

LEARNING SKILLS

Students will achieve a level of excellence in:

- problem solving, analysis, synthesis, critical thinking, evaluation and positive creative expression.
- study and organizational skills.
- self-directed study.

INTERPERSONAL SKILLS

Students will build character through the development of:

- personal integrity.
- courtesy and respect for self and others.
- effective communication skills.

CITIZENSHIP

Students will:

- understand the duties, rights, and privileges inherent in being a citizen of the United States of America.
- know the structure and function of government, politics, economics and other forces which affect our society.
- show respect for authority and the property of others.

GLOBAL EDUCATION

Students will:

- develop a basic understanding of and respect for diverse cultures.
- learn respect for those who have special physical, emotional, or intellectual needs.
- understand the importance of preserving and improving the global environment.
