

SCHOOL DAY

7003

Wisconsin Law requires the School Board to establish the days and hours of instruction for a normal school day and normal school year. Wisconsin Statute dictates the minimum number of days and hours of instruction, and the District will remain in compliance with the standard. In establishing such rules, comments from parents, staff, and School District residents on the proposed rules and schedules of hours may be heard, and past public comments will be considered by the School Board.

The schedule and hours for a normal school day will be set prior to the beginning of each school year.
