

CURRICULUM ADOPTION

7006

A dynamic instructional program requires ongoing alterations in the curricula and courses of study. The Administrator is authorized to approve or disapprove changes in curricular offerings to students as recommended by professional staff. The Administrator shall report to the Board such basic changes in curricula.

Changes in curricula or course offerings requiring additions or reductions in staff or causing a substantial financial impact on the District, must be recommended to the Board by the Administrator and shall be subject to the Board's approval.
