

5th and 6th grade

RESPONSIBLE AND PROPER USE OF TECHNOLOGY

- Use your own name and password; never use someone else's; if you find that a device already has someone else logged in, you must log them off and then log in with your own information
- You may use the computers/network/internet at school with permission only
- You may use the computers/network/internet for school purposes only (no matter if you are at school or not)
- Be respectful of all computer equipment; technology is expensive
- Follow directions set by your teacher; do not visit sites not authorized by your teacher
- If you find yourself on a questionable or inappropriate site, get off the site immediately and tell your teacher
- Do not download or print out information without teacher permission
- North Lake School has access to your school account information/documents at all times
