

Arrowhead Boys Volleyball Camps 2023

The Arrowhead Boys' Volleyball Camps provide an opportunity for boys in grades 6-12 to develop their volleyball skills. Players will be instructed on proper volleyball techniques and given time to practice those skills in a variety of ways. Throughout the week, players will participate in partner work, skill-work drills, and competitive team drills. The focus will be on improving the confidence of all participants of any skill level. **It is highly encouraged that all 9th-12th grade players that plan to try out for boys volleyball attend the camps. Important team concepts will be implemented during these contact days by the Arrowhead coaching staff.** Any questions should be directed to coach Mechenich. (Mechenich@arrowheadschoools.org)
