

# **WARHAWK MANUFACTURING**

**We are a student-led business that engages AHS seniors in the design, manufacturing, and selling of handcrafted metal and wood products. We have three upcoming events for the community that we'd like to invite you to!**

---

## **ARCS & SPARKS**

A program for 6<sup>th</sup>-8<sup>th</sup> graders to learn how to weld. Students will experience metal fabrication through creating a 3D metal project, which they can take home afterwards.

## **PLANE & STAIN**

An intro-to-woods class. 6<sup>th</sup>-8<sup>th</sup> graders will create either a wooden tray or a wooden toolbox, gaining an understanding of the equipment and processes needed for woodworking.

### **Both programs:**

- May 3<sup>rd</sup>, 11-1pm, 2-4pm
- \$50/class, or \$90 for both classes
- First-come-first-serve for class spots. Sign up now!

---

## **5<sup>TH</sup> ANNUAL SPRING SALE**

May 31<sup>st</sup>, 11am-4pm

This is a family event open to anyone in the community. We will have a cookout, yardgames, a raffle, and all of our handcrafted, student-designed spring products available for 15% off!

Additionally, to engage more students in STEM, we will be giving tours of our shops and guiding wood & metals crafts for any-aged children. Crafts will range from welding animals and flowers to laser-engraving your child's name on a wooden name tag.

Any questions? Reach out!
